Re: Dune Pruning & Maintenance

To All,

Thank you for your work to ensure that Kiawah Island maintains its uncommon and visually pleasing blend of natural beauty and man-made improvements. In an effort to maintain the unique characteristics of the beach dunes, please note that the Kiawah Island Architectural Review Board (ARB) will now require a permit to be issued prior to any pruning within the dune field.

All dune pruning approvals will be conducted onsite with both KICA and ARB staff members present, followed by written approval. To obtain the dune pruning permit, the ARB will require a completed and signed Construction Application (KICA, Regime, and Arborist signatures required), KICA Encroachment Permit or Waiver, \$200 permit fee, and \$2,500 Refundable Deposit (provided by Regime or Arborist).

This requirement is to ensure that the vegetation within the dunes along the beach are pruned and maintained correctly over time.

We look forward to a continued effort to preserve and strengthen the natural beauty that is Kiawah Island. If you have any questions, please contact the Kiawah Island ARB staff.

Sincerely,

Cc: ARB Members
Ed Monahan, KICA Encroachment
Davey Achey, KICA Landscape
